

## Sweet Talisman with Page Sargisson

### **YOUR KIT FEE PROVIDES:**

- Page will be bringing lots of different wax types so you can see the different effects each one makes. She will also have on hand a number of files and saws, some indian woodblocks and other fun items so we can experiment with various textures, impressions and patterns in the wax.

### **OPTIONAL, but recommended:**

- You are encouraged to bring your own found objects to use for pattern-making.

When class ends, Page will take your wax mold back to her Brooklyn, NY studio where she will cast your talisman for you. It will ship directly to you from NY within 4 weeks of the end of class.
